Docket #4318

CASE 08-35653-KRH

I object to the entry of the Circuit City Handbook, Exhibit A - that is purely for people who live in a utopia, here in the real world, all time off was denied because it interfered with business. Football season started - people bought new H.D. TV's. School started - people bought computers for the kids. ~~Christmas season~~ - the holiday season - gifts.

That is why Circuit City waited until Jan. to file bankruptcy - so we the employees, who tried to save the business got raped by the company, and now we are getting raped by Garland, Fredericks, Dickerson, Skadden, Arps, Slate, Meagher and Flom LLP.

I bet those lawyers got paid a ton of money - they're not working for free, and I did not work for free, that is why that time off is mine. I earned it.

A handwritten signature in black ink, appearing to be "KRUTER".
